

ARTIFIX-FORCEPS

**To be used for all ARTISAN lenses (203, 204, 206, toric, 205)
Swiss made precision forceps**

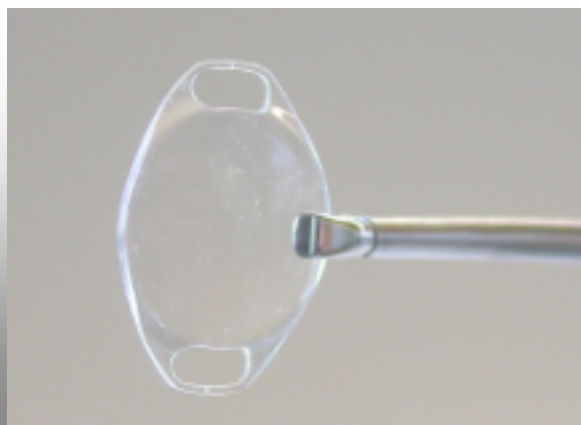

**Reduces the risk of
losing the depth of
the anterior
chamber**

**Enables to fixate all
ARTISAN lenses**

**Holds all lenses
very stable and
reduces the lens
rotation to an
absolute minimum**

**Position of the
correct holding of
all ARTISAN lenses**

**Minimal enlarging
of the incision**
